Email Address

\*Information you provide below will be kept in the strictest of confidence and will only be used for the purposes of planning services and programs .

## Is my child eligible?

A child must be 18 years old or younger and have been diagnosed with a condition that could limit normal life expectancy, such as advanced or progressive cancer; major organ failures; HIV; cystic fibrosis; progressive genetic, neurological or metabolic disorders; or severe cerebral palsy. There are no income limits or citizenship requirements.

## Next steps

While we are working towards building Sloane's House we are reaching out to families in Durham and the surrounding areas to identify who will be requiring our respite services. By completeing this form you will be helping solidify the need in Durham. Sloane's House wants to keep you regularly informed about our news, events, initiatives and services by circulating information such as our upcoming programs, newsletter, annual report, ongoing advocacy work, and charity events. Your e-mail address will be maintained in a central database and will not be shared with any other organization or used to disseminate information that does not pertain to the above mentioned uses. (\*You can withdraw from receiving Sloane's House materials at any time by replying to any of the e-mails sent to you lor contacting us at the number below.)

# Sloane's House

Pediatric Recreation and Respite Centre

## WE'RE NOT JUST SLOANE'S HOUSE, WE'RE YOUR HOUSE.

## What is Sloane's House?

Sloane's House will provide temporary relief to families and caregivers while also allowing the children to engage with adults and peers outside the family and to participate in meaningful activities and therapies.

Children with complex care needs are (1) medically dependent on technology, (2) have conditions that are chronic and will not improve, (3) require an array of medical specialities, and (4) are medically fragile, for whom a cold, for example, could pose a serious or even life-threatening risk.

The reality is that children with medically complex conditions will not improve, heal or be cured.

However, we can help to improve their quality of life by ensuring that they are comfortable, safe, cared for and free of pain.

## Our Vision

**PEDIATRIC RESPITE CARE CENTER FOR KIDS WITH MEDICAL COMPLEXITIES**

**PERSONALIZED FAMILY CENTERED APPROACH TO SAFE AND CONTEMPORARY CARE**

**COMPLETELY ACCESSIBLE & EXPANDABLE**

**PROGRAMS GEARED TO ALL AGES AND ABILITIES.**

**SERVICES FROM A COUPLE HOURS UP TO 3 WEEKS**

**CHILDREN AGES 0-18YRS**

**HELPING CHILDREN AND FAMILIES AT A TIME WHEN THEY NEED IT THE MOST.**

## Complex Care Children

**6000  
Children  
in Ontario**

**1930  
Children  
in Durham  
Region**

## Why is it important?

Creating a local respite and recreational centre in Durham Region is a critical first step on the road to pediatric respite support closer to home.

We can do our part to improve the lives of local families, and ultimately reduce the burden on our health care system, by ensuring that these families can combat the debilitating fatigue, stress and depression that come with the intense daily demands of caring for a child with a medically complex condition.

Sloane's House will be a welcome, important and much-needed addition to the existing array of quality health care services in our communities.
